*“Preserving an increasingly valuable historic collection
representing Skowhegan’s legacy, and promoting Skowhegan’s
cultural heritage”*

Dear Friends of the Skowhegan History House,

Preserving our community’s legacy and promoting its heritage is noble work and critical for those who follow us, our future citizens and leaders of an informed society. This is the work of the History House Association.

We invite you to become a member or to renew your membership with the Skowhegan History House Society.

From the beginning the History House Association had been largely self supporting. However, in the 1980’s the trust fund originally set up by Louise Helen Coburn was no longer able to provide enough funding to continue her vision and the History House mission. The Association has only one part-time paid employee, the Curator. To supplement the trust we have relied on Society Memberships along with private donations, grants, and some support from the Town of Skowhegan to conserve the collections, strengthen programming, and maintain the 1839 property.

In a time when public funding is diminishing, your interest in preserving and promoting our heritage as a Society Member is critical to us as we continue to work towards achieving our goals and mission. Information to help you make a well-informed decision is enclosed.

Thank you for your interest and support.

Sincerely,

Melvin Burnham,
President
