

## Tour History House on DVD

A professional film documenting the Skowhegan History House Museum & Research Center and featuring Curator Lee Granville has been completed. Mr. Allen Baldwin of Catama Film and Video of South Portland and a native of Norridgewock, was the cinematographer/director of the film. This archive-quality documentary film, funded by the Maine Community Foundation, features the Skowhegan History House collection and Curator Lee Granville as he conducts a guided tour. The film, which is in DVD format, also includes a tour of the Heirloom Gardens with Master Gardener, Patricia Horine.

Although an in-person tour of this nineteenth century icon is always best, the new DVD allows those who live away or who are not able to access the History House to see the valuable historic collections representing Skowhegan's legacy. Copies are also on sale at the following Skowhegan retailers: Wish on Madison Ave.; Blueberry Cupboard; and The Bankery on Water Street.

*“Mr. Granville possesses an in-depth knowledge of the collection and its relevancy to our community’s history. We want to preserve his unique knowledge, which currently exists only as an oral history.”*
