

Skowhegan Village Print (16" X 24")- This historic 1883 map has been digitally refreshed and professionally printed using Epson Ultra-Chrome Archival Inks on heavy photographic paper. The detail clearly shows structures, roads, the railroad, as well as topographical features dating some 125 years ago. Properties are labeled and the print has three indices for property identification along Water, Madison, and Russell Streets. The original scale was 400 ft per 1 inch.
